PRIME GRAIN FED BEEF

## Stockperson Position

### Associated Feedlots, Mathoura NSW

The management of Associated Feedlots is looking for a motivated and passionate stockperson who wishes to develop a career in the feedlot industry. The opportunity exists due to a recent expansion of the feedlot and would suit a person looking to take on a leading role within the business.

Associated Feedlots has been operating for 24 years and has recently undergone a significant upgrade and expansion. The feedlot is located at Mathoura NSW only 30 min drive from either Deniliquin NSW or the Murray River towns of Echuca / Moama.

The roles and responsibilities of this role include: pen riding, pulling and treating sick cattle, acclimation, pen movements, drafting, weighing, arrival and dispatching operations, and data recording. The opportunity exists to become the Stock Team Manager where the responsibility for organizing personnel, rosters, scheduling livestock movements and planning activities becomes an important part of the role.

Previous feedlot experience is essential for this role, applicant must have very good cattle handling skills, be able to work in a team environment, have a sound understanding of feedlot operations, and be able to communicate well with other team members and management.

If you are a person who wishes to take on a leading role in a progressive feedlot business please send your written application and CV to:
