

Murrunjai Pastoral Company

Pastoral Manager

Murrunjai Pastoral Company is part of the Martin Group of Companies, a family-owned transport and pastoral business. Located near Scone, NSW, the Murrunjai operation includes a core angus breeding herd as well as cattle trading based on opportunity backgrounding and finishing. Grain, hay and forage crop production supports natural and improved pasture systems.

Spread across 3 locations the Murrunjai Pastoral Company covers 13,500 acres running over 2,000 cattle year around and farming 1,000 acres.

Due to both continuous improvement opportunities and growth plans, Murrunjai Pastoral Company is seeking a Pastoral Manager. Reporting to the business owners you will have autonomy to manage and lead the business within the approved budgets and operational plans.

Supported by the Martins Group of Companies Head Office you will;

- Develop annual and 3 year cattle, farming and financial plans and budgets;
- Plan, manage and lead the day-to-day cattle, farming and maintenance activities of the Murrunjai team and contractors including;
 - Cattle husbandry and genetic strategies;
 - Cattle feeding (grain, crop, pasture);
 - Farming including crop selection, sowing, harvesting and storing; and
 - Maintenance including pasture renovation, infrastructure (including fencing) and equipment.
- Introduce innovative grazing and pasture management systems;
- Support and advise on cattle purchasing and marketing;
- Select and utilise property management software.

The ideal candidate would be energetic with advanced communication skills. You would have at least 3 years' experience in a similar leadership role in a cattle and farming operation. Skills in developing and implementing budgets and operational plans are essential with forecasting, reporting and property management software experience a significant advantage. Understanding and adoption of technology would be desirable but not essential.

The Martin Group of Companies has a focus on both safety and animal welfare that you would be expected to support and implement. It is also a prerequisite that you pass a pre-employment medical and are willing to receive a Q-Fever vaccination.

This role is based at "Glen Moan" located 44 kilometres west of Willow Tree on the Cattle Creek Road. A fully maintained comfortable family suitable home, a vehicle, mobile phone and a laptop will form part of your generous remuneration package.
